# PRO-3 TRIPOD

US-40014

**TESTED & CERTIFIED Z359.18**

Tripods are crucial for operations in confined spaces, facilitating both access and escape for workers in these hazardous environments. They also play a vital role in rescue situations, allowing injured workers to be winched to safety. The BTS Pro Series Tripods are the market's top choice, providing a reliable anchorage device for confined space entry, fall arrest, and rescue applications.

- Individually adjustable telescopic legs with toe spikes, bolt/peg holes and chain holes for added stability.
- BTS-Klick dual action quick release buttons for fast and reliable height adjustment.
- Lightweight aluminium construction.
- Tripod head features integrated pulley wheel allowing for winch wire cable to pass through center of Tripod.
- Additional rated 3 tie-off points in the Tripod head for attaching additional personal fall protection equipment.
- Powder coated in Hi-Vis Safety Orange for ease of identification in trafficable work areas.
- Compatible for use with other reputable height safety manufacturer winches.
- Tripod comes complete in canvas storage bag with wheels for ease of storage and transport by one person.
- Minimal set up required.
- Can be assembled by one person.
